Pleasantville SEPTA (Special Education Parent Teacher Association) is a district-wide non-profit organization whose primary role is to provide support, strength and unity to parents, teachers, faculty, administration, PTA's and most importantly the students who receive special education services in the Pleasantville School District. We offer support through meetings and events including, but not limited to:

- ★ **Speaker Series** - Experts share educational tools for families and educators.
- ★ **Member Meetings** provide:
 - Educational information on current medical research;
 - Insights on interventions and methodologies;
 - New requirements that all families need to understand to effectively advocate for their children.
- ★ **Social Events and Fundraisers** - Including our annual Halloween event, Spa night, End-of-Year Celebration and meet & greets.

The SEPTA organization is unique as it provides one district-wide forum for families from preschool through age 21.

Annual District Membership is \$35 per family - there are 3 ways to join:
