Betreff:

Paprika (Capsicum annuum) 'Sweet Chocolate'

Einwendung gegen den Antrag auf Sortenzulassung

nach § 55 SaatG 1997

Der Paprika 'Sweet Chocolate' wurde vor ca. 60 Jahren von Prof. Elwyn Meader gezüchtet und der Allgemeinheit zur Verfügung gestellt. ¹

"I was working for the taxpayer and the results on my work belonged to them."

(Elwyn Meader) 2

Seitdem wird diese Sorte europaweit in Saatgutnetzwerken in Verkehr gebracht. Im Arche Noah Sortenhandbuch ist die Nutzung der Sorte durch etliche Personen seit dem Jahr 2000 dokumentiert. In österreichischen Saatgutnetzwerken wird sie also seit mindestens 22 Jahren vermehrt und weitergegeben 3

The examples show:

To be out of the scope is dangorous because

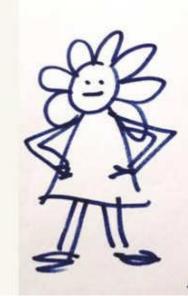

Those who are outside the legal framework have no rights

The Sweet Chocolate Case is an opportunity to use the tool the UN gave us: the peasant rights

→ We need an overall concept how to use this tool
