Fuel Injector Service Kit Illustrated Parts Guide

www.greentuneautomotive.com

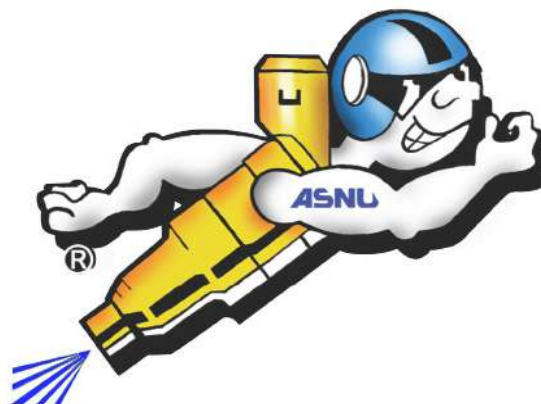

GREENTUNE AUTOMOTIVE PRODUCTS LLC is a leading Distribution company specializing in automotive & light truck replacement parts and ASNU gasoline fuel injector diagnostic & cleaning system. We are a basic manufacturer of the fuel injector repair kits found in this catalog.

Our fuel injector repair kits complement the ASNU program as well as offer jobbers & installers a complete program of kits designed to service many types of injectors: Bosch, Lucas, Weber, JECS, Siemens, Nippon Kiki, Denso, Sagem, Bendix, Rochester, Hitachi and others including the latest technology GDI injectors (Gasoline Direct Injection).

We use only premium quality original and aftermarket components in our manufacturing process that meet or exceed OE specifications. The o-rings & seals we utilize are made with premium fluorocarbon, filters are original, the same ones manufacturers use when building new injectors. All components are precision designed to guarantee accurate & effective functioning after proper maintenance has been performed utilizing our state-of-the-art professional ASNU fuel injector diagnostic & cleaning system.

With over 30 years experience in the automotive aftermarket, we are dedicated to supply the highest quality products at the most competitive prices by providing the best possible customer service to the Global Automotive Aftermarket .

We highly recommend professional automotive skilled technicians to service gasoline injectors with the ASNU fuel injector diagnostic & cleaning system. To obtain optimum performance use only original fluids: Flow-Rite™ Calibration Fluid & Bio-Clean™ Ultrasonic Cleaning Fluid.
